- This treatment can be successfully used for acne treatment, photo-damage, pigmentation and scarring,
- Suitable for most skin types.
- A series of 4 to 6 peels is recommended for optimum results.

MICRO - NEEDLING

Micro-Needling is a form of Collagen Induction Therapy which is intended to significantly improve the appearance of acne scars, aged and sun damaged skin, facial and décolleté lines, wrinkles and stretch marks. It is useful in dramatically increasing the absorption of topically applied skin preparations.

This is achieved by creating microscopic injuries in the skin to cause it to switch to an urgent healing mode. And this results in healthier skin. It's also a very popular anti-aging facial treatment to tighten the skin and get rid of fine lines.
